

# Slap

## Purpose:

Show the sum of three numbers 0–10 using tens and ones

## Materials:

- 1 extra wallet set

## Per player:

- 1 wallet set
- 1 copy of Recording Sheet B

2–4 players

15–20 minutes

## Object of the Game:

Collect ten points by being the first player to show the sum of three cards with tens and ones, using only one yellow card.

## Prepare:

- Shuffle the extra set of wallet cards.

## How to Play:

- 1 Deal three cards to each player.

- 2 Place the remaining cards facedown in a pile between the players.
- 3 Say, “Ready, set, go!” Then players look at their three cards.

- 4 With their wallet sets, players show the sum of the three numbers, using no more than one yellow card.

- 5 As soon as players find cards to show their sum, they slap the pile of cards.

- 6 The first player to slap the pile wins a point.
- 7 Pause and record. Each player records the sum on his or her recording sheet. Each of the numbers on the cards used to make the sum should be shown on a different rectangle.

$$\boxed{5} + \boxed{2} + \boxed{8} = \boxed{10} + \boxed{5} + \boxed{\phantom{0}}$$

$$\text{Total: } \underline{\quad 15 \quad} = \underline{\quad 15 \quad}$$

(Note: Players may not need to fill up all three rectangles to the right of the equal sign.)

- 8 Players replace the cards used to show the sum in their wallets.
- 9 Collect the cards dealt to the players and the pile of cards. Shuffle them and repeat the steps.
- 10 The first player to reach ten points wins.
